

Chorus UFB Services Agreement

Passive Optical Network Fibre Access Services (Layer 1):
Service Level Terms for PONFAS Services

Reference Offer

Draft 0.1 October 2019

1 INTERPRETATION

- 1.1 References to clauses, sections or Appendices are references to clauses, sections or Appendices in these Service Level Terms unless expressly provided otherwise. The definitions set out in the General Terms and the Operations Manual apply to these Service Level Terms unless expressly provided otherwise.
- 1.2 References to the Operations Manual are references to the Operations Manual for the PONFAS Services.
- 1.3 **Definitions**

In these Service Level Terms, in addition to the definitions set out in the General Terms and the Operations Manual:

Ancillary Service Level means a reporting metric Service Level included in Appendix 3;

Aged Tenancy Order has the meaning given in the Operations Manual;

Connection Satisfaction Survey means the survey of End Users installation experience in the form agreed between the LFC and the Service Provider.

Consecutive Business Hours means a number of consecutive hours (including fractions of hours) within Business Hours (where the first Consecutive Business Hour in a Business Day is consecutive to the last Consecutive Business Hour in the preceding Business Day).

Core PONFAS Transaction Service means, in relation to Appendix 3 a PONFAS Distribution New Connection Order, PONFAS Distribution Plan Change Order, a PONFAS Feeder New Connection Order, a PONFAS Distribution Relinquishment and a PONFAS Feeder Relinquishment order;

Core Service Level means a Service Level included in Appendix 1;

Core Service Level Default means a failure by the LFC to meet a Core Service Level;

Core Service Rebate means the payment to be made by the LFC to a Service Provider for a Core Service Level Default, calculated in accordance with these Service Level Terms;

End User means the recipient of a service which incorporates a Service, other than a Reseller (except as otherwise provided in the definition of that term) or Service Provider in these Service Level Terms. As the context requires, End User will also include a representative of the Service Provider necessary to be available for agreed attendance and appointments required at demand points, but excludes the recipients of mobile or wireless services provided from these demand points.

Fibre Connection means a Residential Connection or a Business Connection.

Fibre Scope Visit means a visit to a Premises or End User Tenancy by the LFC's technician for the purposes of scoping the installation design for a Fibre Connection and securing any necessary consents and permissions from the End User or building owner.

Greenfields means the subdivision (after 24 May 2011 if in UFB1 Areas and after 26 January 2017 if in UFB2 Areas) of a defined geographical site located in a private or public property subdivision, complex or community (evidenced by confirmation that the Premises exist in the LINZ title database) that is Passed.

“hour” without further definition refers to an ordinary clock hour (i.e. any hour);

“installation” in clauses 1 of Appendix 1 means, and is limited to, installation in accordance with any applicable Standard Installation;

MDU means a Multi Dwelling Unit as defined in the Operations Manual. For the purposes of these Service Level Terms where an MDU comprises multiple buildings, each such building shall be deemed to be a separate MDU;

POI Area means a geographical area served by a Bitstream POI comprised of UFB1 and UFB2 Candidate Areas and any Greenfields adjacent to a UFB1 or UFB2 Candidate Area. The LFC Network is divided into 29 POI Areas. These are used as reporting areas for both PONFAS and Bitstream services.

Restoration Time means the length of time that an End User is without service, measured from the time that a fault is detected by the LFC or by way of fault report by the Service Provider to the LFC in accordance with the procedures specified in the Operations Manual, to the time the fault is resolved and the service is restored or a workaround is put in place. Restoration Time excludes user-initiated service interruptions and CPE outages due to power failure and any exclusions to the Service Levels set out in these Service Level Terms;

Service Level Commencement Date means

- (a) 1 January 2020 for a Premises in the UFB1 Coverage Area; and
- (b) 1 January 2026 for a Premises in the UFB2 Coverage Area.

Service Level Default means a failure by the LFC to meet either a Core Service Level or an Ancillary Service Level;

UFB1 Coverage Area means all the areas listed in Appendix E of the Operations Manual as UFB1 Candidate Areas;

UFB2 Coverage Area means all the areas listed in Appendix E of the Operations Manual as UFB2 Candidate Areas;

Voluntary Service means those services offered by the LFC that:

- (a) are within the Coverage Area which do not use Communal Infrastructure; or
- (b) are outside the Coverage Area and are not Greenfields,

and, in each case, are expressly identified as a “Voluntary Service”.

2 SCOPE

2.1 These Service Level Terms:

- (a) set out the quality and performance of the Core Service Level commitments, and Ancillary Service Level targets of the LFC to the Service Provider for the delivery of the PONFAS Services;
- (b) provide for a rebate mechanism where the LFC fails to meet its Core Service Levels.

2.2 These Service Level Terms may be changed in accordance with the change mechanism set out in the General Terms.

3 SERVICE LEVELS

3.1 The LFC will meet or exceed the Core Service Levels in accordance with these Service Level Terms. The LFC is under no obligation to meet or exceed the Ancillary Service Levels which are reporting metrics only.

3.2 The Service Levels will apply from the appropriate Service Level Commencement Date for the area.

3.3 The LFC must begin measuring and reporting its performance against the Service Levels from the Service Level Commencement Date.

3.4 The Ancillary Service Levels are separate from the Core Service Levels. The Core Service Levels are to be applied and interpreted independently from:

- (a) the Ancillary Service Levels; and
- (b) any defined terms used solely in the context of the Ancillary Service Levels.

3.5 If the Service Provider updates or changes a Service Request under clause 9 of the Operations Manual, the Service Levels applicable to that Service Request (as updated or changed) will be measured from the date that update or change was accepted by the LFC.

4 SERVICE LEVEL EXTENSIONS AND EXCLUSIONS

4.1 The Service Levels will not apply or, as applicable, Core Service Rebates will not be payable, in respect of Premises which are not Passed or where expressly stated in the General Terms, or in these Service Level Terms or, for Voluntary Services in the applicable Service Descriptions.

4.2 The Service Levels and Core Service Rebates set out in these Service Level Terms will be applied in accordance with the provisions of the General Terms and the Operations Manual.

- 4.3 Where the LFC considers that a Service Level Default has not occurred because one or more of the Service Impairments, limitations or exclusions apply, the details are to be recorded and reported in the LFC's monthly performance report provided in accordance with clause 5. Service Impairment, limitation and exclusion details reported by the LFC must be sufficient to permit verification by the Service Provider that a Service Level Default has not occurred.
- 4.4 Subject to clause 4.5, the LFC Service Level response times set out in Appendix 1 shall be extended in the following circumstances:
- (a) Satisfaction of the Service Level is prevented as a direct result of a serious health and safety issue outside of the LFC's control;
 - (b) Satisfaction of the Service Level is prevented as a direct result of a delay in the provision of materials or information to be supplied by the Service Provider, required to complete the service;
 - (c) Acts or omissions of Service Providers that prevent the LFC from meeting a Service Level (unless the Service Provider has received the LFC's prior approval for such act or omission);
 - (d) Acts or omissions of End Users that prevent the LFC from meeting a Service Level (unless the End User has received the LFC's prior approval for such act or omission) including without limitation a failure by End Users to be present at the Premises at the time agreed with the LFC where such presence is necessary for the LFC to carry out the service work;
 - (e) Any period of extension requested by the Service Provider or End User;
 - (f) In relation to a First MDU Order, also in the following additional circumstances:
 - i. acts or omissions of MDU owner(s) or their agents that prevent the LFC from meeting the First MDU Order Service Level (unless the MDU owner(s) has received the LFC's prior approval for such act or omission); and
 - ii. any period of extension requested by the relevant MDU owner(s);
 - (g) A Force Majeure Event prevents satisfaction of the Service Level, including, for the avoidance of doubt, any Force Majeure Event affecting a contractor or supplier of the LFC which, if it occurred in relation to the LFC, would have been a Force Majeure Event (as referenced in clause (g) of the definition of "Force Majeure Event" in this Agreement), each a "Service Impairment".
- 4.5 Any Service Level extension under clause 4.4:
- (a) will be limited to the time that the Service Impairment continues to prevent or make illegal the LFC's performance of the applicable Service Level; and
 - (b) is subject to the LFC promptly taking all reasonable steps, in accordance with Best Industry Practice, to eliminate or avoid the Service Impairment and mitigate its effect.

5 REPORTING ON SERVICE LEVELS

- 5.1 The LFC will provide the Service Provider with a performance report each month reporting its performance against the Service Levels, beginning with a report on the first full month in which these Service Level Terms apply. The report will clearly identify whether the Service Levels are being met. The report will be delivered or made available to the Service Provider within 10 Business Days of the end of each relevant calendar month in electronic format. The report will detail the LFC's performance against each of the Service Levels over the preceding month, and the information necessary for the Service Provider to verify any Service Level relief considered by the LFC applicable due to Service Impairments, limitations and exclusions.

6 REPORTING ON SERVICE LEVEL DEFAULTS

- 6.1 In the event of any Service Level Default (including, for the avoidance of doubt, failure by the LFC to meet an Ancillary Service Level), the LFC will detail in its report to the Service Provider under clause 5.1 the cause of and procedure for correcting such Service Level Default, and will provide updates on the steps taken by the LFC to remedy any ongoing Service Level Default until such Service Level Default is remedied.
- 6.2 If the Service Provider reasonably believes that the LFC has not reported on performance against Service Levels in a manner that clearly identifies whether the Services Levels are being met:
- (a) the Service Provider will notify the LFC; and
 - (b) if acting reasonably the LFC agrees that there is a reporting failure, remedy the failure promptly, but in any event within ten Business Days following the Service Provider's notice, by providing a new report for the same period.
- 6.3 Following subsequent reporting by the LFC for Service Levels, if the Service Provider remains unsatisfied with the information provided by LFC and is unable to validate whether the Service Levels are met, then the parties shall follow the escalation process set out in the Operations Manual.

7 CORE SERVICE REBATES

- 7.1 Subject to clause 4, in the event of a Core Service Level Default, the Service Provider will receive a Core Service Rebate from the LFC in accordance with clause 6.5 of the General Terms. The Core Service Rebates are set out in Appendix 2.
- 7.2 For the avoidance of doubt, the Service Provider will not receive a Core Service Rebate from the LFC for any failure to meet an Ancillary Service Level. The Ancillary Service Levels are reporting metrics only.
- 7.3 Core Service Rebates reflect the reduced value of the relevant part of the Wholesale Services affected by the Core Service Level Default during the relevant period and are neither liquidated damages nor the Service Provider's sole and exclusive remedy in respect of the Core Service Level Defaults or the consequences of such defaults.

Premises visits and reschedules

- 7.4 If the End User is not available at the Premises or End User Tenancy within 15 minutes of the technician's arrival during the agreed time period for any appointment at which an LFC service is to be performed for which a Service Level applies, and the End User does not inform the LFC 9 Business Hours prior to the agreed appointment time that they will not be available (**End User No-Show**), the connection of any Services at the Premises shall be excluded from the Maximum Cycle Time calculations set out in clause 9 below.
- 7.5 The Service Provider must ensure that it has systems and processes in place for the purpose of minimising the occurrence of End User No-Shows and to discouraging the cancellation of appointments by the End User (or the Service Provider on behalf of the End User) later than 9 Business Hours prior to the scheduled appointment time (**Late Cancellations**). If in any month more than 10% of Service Orders placed by the Service Provider result in an End User No-Show or Late Cancellation, then the Service Provider shall be liable to pay the LFC an amount equivalent to one months' recurring Charge for the Service that was to be installed for each End User No-Show or Late Cancellation above the 10% threshold in each of the affected months, capped at the maximum amount of Core Service Rebates due to be paid by LFC in that same month
- 7.6 The LFC will, prior to any claims by the LFC that a set off against Core Service Rebates is applicable due to End User No-Shows or Late Cancellations, provide sufficient evidence if requested by the Service Provider for the Service Provider to verify such LFC claims.
- 7.7 Subject to clause 7.8 and except where clause 4 applies, if the dates agreed for the Service Levels in clauses 1.1(a) - 1.1(c) of Appendix 1 are rescheduled at the LFC's request, the LFC will be liable for a Core Service Rebate in respect of the relevant Service Level.
- 7.8 If the first Fibre Scope Visit reveals unanticipated complexities in an installation such as additional consents required, tree-trimming, traffic management or other unique features of the installation for which it is reasonable that the LFC requires more time (having regard to the LFC's obligation to use Best Industry Practice) then the LFC may reschedule the installation date once, provided the reschedule request is made within 72 hours of the first Fibre Scope Visit. The LFC shall not be liable for a Core Service Rebate in respect of any such reschedule, however the subsequent rescheduled time shall be considered applicable when assessing whether the LFC has otherwise met any relevant unrelieved Service Level.

8 RECONCILIATION OF CORE SERVICE REBATES

- 8.1 Within 10 Business Days after the end of each calendar month (the **Relevant Month**), the LFC will provide a summary report to the Service Provider that will detail the total amount of Core Service Rebates imposed for Core Service Level Defaults in accordance with clause 7.1 during the Relevant Month, detailed by Core Service Level and the relevant Service Request(s).

9 MAXIMUM CYCLE TIME FOR CONNECTION SERVICE LEVELS

9.1 In this section 9;

- (a) **Order Date** means the date on which the LFC has received a properly completed Service Request from the Service Provider.
- (b) **Simple Order** is a Service Request placed via the OSS/BSS for a PONFAS Distribution Service (that already has an associated PONFAS Feeder Service) in an SDU including SDUs in a ROW or private road in which Communal Infrastructure has been built, or a Subsequent MDU Order. This also includes a Premises in a ROW that can be installed as an SDU or an MDU that can be installed as an SDU.
- (c) **Complex Order** is a Service Request for Connection of a PONFAS Feeder Service or for Connection of a PONFAS Distribution Service in to an SDU in a ROW or private road in which Communal Infrastructure has not yet been built.
- (d) **Jeopardy Management** means the LFC will determine and publish the critical path for applicable Simple Orders and Complex Orders that records individual milestones required to achieve Connection of those orders. Each order and associated milestones will be tracked and managed at weekly operational meetings between the LFC and its field services partners and may include, if requested, engagement of the Service Provider.

9.2 All Service Requests for PONFAS Feeder Services will be treated as Complex Orders and be combined with the Dark Fibre and Bitstream Service Complex Orders for the purpose of measuring cycle time.

9.3 The LFC will use reasonable endeavours to ensure that the median time between the Order Date and completion of the installation in each POI Area is no greater than:

- (a) 30 days for Simple Orders; and
- (b) 65 days for Complex Orders.

9.4 The LFC shall publish a weekly report on the LFC website which shows how the LFC is performing against the target times set out in clause 9.3.

The weekly report will also address how the LFC is performing against the following aspirational cycle times:

- (a) Simple Orders completed within 20 days of the Order Date;
- (b) Complex Orders to be completed within 50 days of the Order Date.

9.5 The targets set out in clause 9.3 are based on all Service Providers aggregated volume being no more than 30,000 Orders per month (**Anticipated Demand**). If the volume of Service Requests received in a month is greater than 120% of Anticipated Demand the LFC may notify all service providers of an increase in the median cycle time proportionate to the increase in monthly Service Request volume above Anticipated Demand. As an example only, if actual demand is 150% of Anticipated Demand the cycle time for will be increased by 150% meaning Simple Orders must not exceed a median of 45 days and Complex Orders must not exceed a median of 98 days.

- 9.6 Any increase in cycle time under clause 9.5 will continue until the monthly Service Request volume returns to less than 120% of Anticipated Demand and the LFC has cleared the backlog of Service Requests from the period when the Anticipated Demand was greater than 120%. No increase in cycle time under clause 9.5 may continue beyond 3 subsequent months from the period when the Anticipated Demand was greater than 120%, if there has been 3 consecutive following months in which actual volumes were not greater than 120% of the Anticipated Demand. During any period of increased cycle time the LFC will consult in good faith with all Service Providers to determine whether a new cycle time regime is required and what other actions can be taken to get cycle times back below the medians set out in clause 9.3.
- 9.7 Simple Orders not completed within 50 days of the Order Date and Complex Orders not completed within 100 days of the Order Date shall be subject to Jeopardy Management, except where the Service Provider or End User has **requested** installation at a date later than 50 days for Simple Orders and 100 days for Complex Orders.
- 9.8 In each POI Area, if the LFC does not achieve the targets in clause 9.3 (as amended under clause 9.5), for two consecutive weeks the LFC shall publish a cycle time management plan to the affected Service Provider(s) detailing specific actions the LFC will take which may include utilising “flying squad” field resource to cover temporary peaks, redeploying field service resource from other work types, and shifting field service resource from low demand areas to high demand areas.
- 9.9 If the LFC is still failing to achieve the targets in clause 9.3 (as amended under clause 9.5) by the date three months from the date on which the LFC identified that those targets had been missed for two consecutive weeks, the LFC will prepare an urgent remediation plan and publish that plan to all Service Providers, CIP and the Minister of Broadcasting, Communications and Digital Media.

10 RETAIL SERVICE QUALITY CODES

- 10.1 Part 7 of the Telecommunications Act 2001 includes:
- (a) a role for the Commerce Commission in reviewing industry retail service quality codes (**Industry Code**) and making recommendations to the Telecommunication Carriers Forum (**TCF**) in relation to an Industry Code.
 - (b) An ability for the Commerce Commission to issue its own retail service quality code (**Regulated Code**) if it believes that the Industry Code does not achieve the purpose of improving retail service quality for End Users.
- 10.2 The LFC agrees to engage in good faith with the Service Provider and other Service Providers to review the Service Levels in the context of any Commerce Commission recommendations in relation to an Industry Code and any Service Providers' obligations under a Regulated Code, with any resulting changes agreed to the Service Level Terms to be implemented in accordance with any recommendations or otherwise as soon as is reasonably practicable.

11 APPENDIX 1: CORE SERVICE LEVELS

1 FIBRE ACCESS PROVISIONING SERVICE LEVELS

1.1 The LFC will complete Fibre Connections as follows:

- (a) Each Fibre Scope Visit must be completed on the date and during the time window (am/pm) accepted by the Service Provider or the relevant End User or the MDU owner (or their agent) (as applicable) via the LFC's ordering and booking system;
- (b) Each installation of a PONFAS Distribution Service must be completed on the date accepted by the Service Provider or the relevant End User (as applicable) via the LFC's ordering and booking system.
- (c) Each installation of a PONFAS Feeder Service must be completed on the date accepted by the Service Provider via the LFC's ordering and booking system.

1.2 The LFC will:

- (a) complete the installation of Fibre Connections in an MDU; and
- (b) install the MDU Common Infrastructure (if any) in an MDU, and
- (c) install any PONFAS Feeder First MDU Order into the MDU common infrastructure (if applicable).

in accordance with the MDU Connection Process and the following provisioning Service Levels unless the installation is to a Premises constructed as an MDU to be provided a Fibre Connection as an SDU:

- (d) Provisioning Service Level where the PONFAS Service is the First MDU Order
 - (i) The LFC will, on receipt of the First MDU Order commence the MDU Connection Pre-requisite Steps.
 - (ii) Upon the LFC's completion of the MDU Connection Pre-requisite Steps, the LFC will:
 - (A) install the PONFAS Feeder Service which is the First MDU Order in the MDU; and
 - (B) install the MDU Common Infrastructure (if any).

within 20 Business Days (or such later date as agreed between the Service Provider and/or the MDU owner(s) and/or the End User (as applicable) and requested of the LFC (**First MDU Connection Date**).

- (e) Provisioning Service Level for any subsequent PONFAS Services in an MDU
 - (i) From an MDU's First MDU Connection Date, the provisioning Service Levels set out in clause 1.1 of this Appendix apply in respect of any properly completed order for a PONFAS Service from a Service Provider in relation to that MDU (other than the First MDU Order) (**a Subsequent MDU Order**):

- (ii) For the purposes of measuring Service Levels for Subsequent MDU Orders the only relevant permissions and consents to be obtained by the LFC under clauses 1.1 of this Appendix are the relevant individual End User's consents and permissions (all other consents and permissions are to have been obtained by the LFC through the MDU Connection Pre-requisite Steps).

1.3 Any time period:

- (a) during which any Force Majeure Event prevents installation of a Connection or prevents restoration of Connection which is subject to Downtime; or
- (b) during which the LFC is, due to a Force Majeure Event, unable to safely access any location or premises where physical access is required to install a Connection or restore a Connection which is subject to Downtime; or
- (c) which reflects any minimum notice requirements or access constraints contained in any existing arrangements referred to in clause 12.2(b) of the General Terms and which contain the permissions or consents that are relied upon,

will be added to the periods specified in clauses 1.1 and 1.2 of this Appendix as applicable.

2 FAULT RESTORATION

- 2.1 There are separate service levels for restoration of PONFAS Distribution Services, depending on whether they are categorised as Consumer or Enterprise. The Service Provider elects the categorisation of the PONFAS Distribution Service at time of order. If the cause of the fault reported against the PONFAS Distribution Service originates in the associated PONFAS Feeder Services, the service level for the relevant PONFAS Distribution Service will apply. Should a fault be reported against a PONFAS Feeder Service, the Service Level in clause 2.2 (c) will apply.
- 2.2 Subject to clause 1)a)i)(1)(c), the LFC must ensure that:
- (a) Consumer Services are restored by the end of the day following the day on which Downtime is reported to the LFC;
 - (b) Enterprise Services for which Downtime is reported to the LFC;
 - (i) Before midday are restored by 7pm on that day; and
 - (ii) After midday are restored by midday on the following day;
 - (c) Faults reported for PONFAS Feeder Services are restored by the end of the day following the day on which Downtime is reported to the LFC;
- 2.3 The LFC provides an enhanced Service Level of a prioritised response with a technician on site (either an exchange, cabinet, FFP or customer site) within 2 hours of a fault being logged with the LFC's Service Company, which will be within 15 minutes of the LFC receiving the fault and verifying the details. The enhanced Service Level is available 24 hours, 7 days a week, upon request by the Service Provider. Emergency and medical events will still take precedence; in accordance with the LFC's restoration priorities and the TCF vulnerable end users' code.
- 2.4 The enhanced Service Level will be at the charge set out in the Price List. The relevant restoration service level for Enterprise Services in clause 2.2 (b) will apply and the Core Service Rebates set out in Appendix 2 will apply.

12 APPENDIX 2: CORE SERVICE REBATES

The following table specifies the Service Rebates payable by the LFC.

Service Level (references are to clauses in Appendix 1)	Core Service Rebate
Fibre access provisioning Core Service Levels	
1.1(a) Fibre Scope Visit	One month's rental fee for the relevant service(s) (specified in the Service Request) each time the Service Level is not achieved.
1.1(b) PONFAS Distribution Service	One month's rental fee for the relevant service(s) (specified in the Service Request) each time the Service Level is not achieved.-
1.1(c) PONFAS Feeder Service	One month's rental fee for the relevant service(s) (specified in the Service Request) each time the Service Level is not achieved.-
1.2(d) (ii) First MDU Order	One month's rental fee for the relevant service(s) (specified in the Service Request) each time the Service Level is not achieved
Restoration Core Service Levels	
2.2 Error! Reference source not found. Fault Restoration	One month's rental fee for the relevant service(s) (Consumer Services, Enterprise Services and PONFAS Feeder Services) each time a standard Restoration Service Level is not achieved.
2.3. Enhanced Restoration service level	Two months' rental fee for the relevant service(s) (Consumer Services, Enterprise Services and PONFAS Feeder Services) each time an enhanced Restoration Service Level is not achieved.

13 **APPENDIX 3: ANCILLARY SERVICE LEVELS**

Provision of PONFAS Distribution Service, where items 1-13 only apply to the PONFAS Distribution Service

Where New Connection includes Transfers and Connect & Replace, as applicable. Change Plan is used for CSEs, including internal removals.

Item No.	Services to which Service Level relates	Service Attribute	Deliverable	Service Level Target	Tolerance Level	Comments
1.	New Connection Change Plan Relinquishment	Service Request acknowledgement	The LFC will acknowledge receipt of each Service Request	Provide acknowledgment of receipt of each Service Request to the Service Provider within 4 Consecutive Business Hours following the Receipt Time	99% (per relevant Core PONFAS Transaction Service)	
2.	New Connection Change Plan Relinquishment	Notification of rejection	The LFC will reject invalid Service Requests by returning the appropriate code to the Service Provider	Provide notification of the rejection to the Service Provider within 4 Consecutive Business Hours following the Receipt Time	90% (per relevant Core PONFAS Transaction Service)	This Service Level will not apply where prequalification for a Service Request requires an action to be undertaken manually
3.	New Connection Change Plan Relinquishment	Notification of expected Service Start Date	The LFC will notify the Service Provider of expected Service Start Date of the Service Request	Provide notification of the expected Service Start Date to the Service Provider within 4 Consecutive Business Hours of the Deemed Acceptance Time	90% (per relevant Core PONFAS Transaction Service)	This Service Level will not apply where a Service Request is a Waiter
4.	New Connection Change Plan Relinquishment	Service Request is completed right first time	The LFC will complete the Service Request without fault	No faults in work carried out to provision the Service Request to occur within 5 Business Days of confirmation by the LFC of completion	90% (per relevant Core PONFAS Transaction Service)	The fault must be a fault: (a) for which the LFC is responsible; and (b) that has been reported to the LFC within 5 Business Days of confirmation by the LFC of completion of the Service Request; and (c) that is found and required to be fixed (it is not a "No Fault Found")

Item No.	Services to which Service Level relates	Service Attribute	Deliverable	Service Level Target	Tolerance Level	Comments
5.	Relinquishment	Meet notified expected Service Start Date	The LFC will complete the Service Request by the notified expected Service Start Date	Complete the Service Request by the notified expected Service Start Date	90%	Where the LFC extends a previously notified Service Start Date (other than as a result of a Service Provider's or a Service Provider's Customer's request to do so), this is considered a failure of this Service Level
6.	New Connection Change Plan Relinquishment	Change to Service Start Date	The LFC will provide confirmation of Service Start Date change where change requested by the Service Provider or End User	Provide confirmation of the change of Service Start Date to the Service Provider within 4 Consecutive Business Hours of receipt of the request to change an existing Service Request (provided that the request is received at least 1 Business Day prior to the notified Service Start Date)	90% (per relevant Core PONFAS Transaction Service)	
7.	New Connection Change Plan Relinquishment	Change to Service Start Date	The LFC will provide notification of Service Start Date change where Service Start Date is delayed for any reason other than where requested by the Service Provider or End User	Provide notification of the change of Service Start Date to the Service Provider within 4 Consecutive Business Hours of becoming aware of a delay in installation (other than cases where the delay is requested by the Service Provider or End User).	90% (per relevant Core PONFAS Transaction Service)	This change does not extend the lead time for the purpose of calculating installation service level
8.	New Connection Service Request	Pre-qualification Acknowledgement	The LFC will acknowledge receipt of Pre-qualification order	Complete the acknowledgement of receipt within 4 Consecutive Business Hours following the receipt of the Pre-qualification Order	90%	

Item No.	Services to which Service Level relates	Service Attribute	Deliverable	Service Level Target	Tolerance Level	Comments
9.	New Connection Order Relinquishment	Pre-qualification order Completion	The LFC will complete the Automated Pre-qualification Order and return the appropriate information	Complete the authorised and unauthorised Automated Pre-qualification order and return the appropriate information to the Service Provider within 4 Consecutive Business Hours following receipt of the Order	90%	
10.	Manual Pre-qualification Site Investigation	Pre-qualification order Completion	The LFC will complete the Manual Pre-qualification Order and return the appropriate information	Complete the Manual Pre-qualification order and return the appropriate information to the Service Provider within 6 Business Days following receipt of the pre-qualification order	90%	
11.	New Connection Change Plan Relinquishment	Confirmation of completion	The LFC will provide the Service Provider with confirmation of completion of the Service Request	Provide confirmation of completion of the Service Request to the Service Provider within 4 Consecutive Business Hours after the Service Request has been completed	90% (per relevant Core PONFAS Transaction Service)	
12.	Connection Satisfaction Survey	Assessing End User satisfaction with installation process	The LFC will survey a statistically significant sample of End Users each quarter	Target a customer satisfaction score of 70% or more		
13.	New Connection Aged Tenancy Order	Meet notified expected Service Start Date	The LFC will complete the Service Request by the notified expected Service Start Date	Complete the Service Request within 30 Business Days (or such later date agreed between the Service Provider and relevant End User) of receipt of the Service Provider's request.	95%	Where the LFC extends a previously notified Service Start Date (other than as a result of an MDU owner, or a Service Provider's or a Service Provider's Customer's request to do so), this is considered a failure of this Service Level.

Provision of PONFAS Feeder Service, where items 14-23 only apply to the PONFAS Feeder Service

Item No.	Services to which Service Level relates	Service Attribute	Deliverable	Service Level Target	Tolerance Level	Comments
14.	New Connection Relinquishment	Service Request acknowledgement	The LFC will acknowledge receipt of each Service Request	Provide acknowledgment of receipt of each Service Request to the Service Provider within 4 Consecutive Business Hours following the Receipt Time	99% (per relevant Core PONFAS Transaction Service)	
15.	New Connection Relinquishment	Notification of rejection	The LFC will reject invalid Service Requests by returning the appropriate code to the Service Provider	Provide notification of the rejection to the Service Provider within 3 Consecutive Business Days following the Receipt Time	90% (per relevant Core PONFAS Transaction Service)	
16.	New Connection Relinquishment	Notification of Layer 1 Path	The LFC will notify the Service Provider of confirmation of Layer 1 path components	Provide notification of the Layer 1 path components to the Service Provider within 2 Consecutive Business Days following the Receipt Time	90% (per relevant Core PONFAS Transaction Service)	May include linking services, such as TPAD, ICABS etc.
17.	New Connection Relinquishment	Notification of expected Service Start Date	The LFC will notify Service Provider of expected Service Start Date of the Service Request or confirmation of when the LFC will provide notification of expected Service Start Date	Provide notification of the expected Service Start Date, or provide confirmation of when the LFC will be in a position to provide notification of the expected Service Start Date, to the Service Provider within 7 Consecutive Business Days of the Deemed Acceptance Time	90% (per relevant Core PONFAS Transaction Service)	

Item No.	Services to which Service Level relates	Service Attribute	Deliverable	Service Level Target	Tolerance Level	Comments
18.	New Connection Relinquishment	Service Request is completed right first time	The LFC will complete the Service Request without fault	No faults in work carried out to provision the Service Request to occur within 5 Business Days of confirmation by the LFC of completion	90% (per relevant Core PONFAS Transaction Service)	The fault must be a fault: (a) for which the LFC is responsible; and (b) that has been reported to the LFC within 5 Business Days of confirmation by the LFC of completion of the Service Request; and (c) that is found and required to be fixed (it is not a “No Fault Found”)
19.	Relinquishment	Meet notified expected Service Start Date	The LFC will complete the Service Request by the notified expected Service Start Date	Complete the Service Request by the notified expected Service Start Date	90%	Where the LFC extends a previously notified Service Start Date (other than as a result of a Service Provider’s or a Service Provider’s Customer’s request to do so), this is considered a failure of this Service Level
20.	New Connection Relinquishment	Change to Service Start Date	The LFC will provide confirmation of Service Start Date change where change requested by the Service Provider or End User	Provide confirmation of the change of Service Start Date to the Service Provider within 3 Consecutive Business Days of receipt of the request to change an existing Service Request (provided that the request is received at least 1 Business Day prior to the notified Service Start Date)	90% (per relevant Core PONFAS Transaction Service)
