

UCLL & UCLF Backhaul Performance Report

Consolidated

November 2017

Unbundled Copper Local Loop (UCLL) and Unbundled Copper Low Frequency Service (UCLF) Backhaul Performance Reports are prepared each month to provide a comprehensive view of our performance over the preceding month. These reports measure our performance against service levels defined in the UCLL Backhaul Standard Term Determinations.

Executive summary

There were no Service Level Defaults this Month.

Points to note

Orders may have been excluded from Service Level calculations where the default was the direct result of an action that is the Access Seeker's responsibility under the UCLL & UCLF Backhaul Standard Terms Determinations
