

SLU Co-Location Performance Report

Consolidated Report

October 2015

Introduction

Sub-Loop Unbundled (SLU) Co-location Performance Reports are prepared each month to provide a comprehensive view of our performance over the preceding month. These reports measure our performance against service levels defined in the SLU Co-location Standard Term Determinations.

Executive Summary

There were no Service Level Defaults this Month.

Points to note

Orders may have been excluded from Service Level calculations where the default was the direct result of an action that is the Access Seeker's responsibility under the SLU Co-Location Standard Terms Determinations

Whilst Chorus is measuring performance (as shown in this report), Service levels will not apply and no default will be supplied where a service level default is a direct result of an Access Seeker failing to comply with an express obligation under the SLU Terms or it is expressly so stated in the SLU Operations Manual or the SLU General Terms. The Operations Manual states that: Where the Access Seeker fails to submit the required BAU Forecasts, Chorus will use all reasonable endeavours to process any relevant Order but there will be no requirement for Chorus to meet the relevant Service Levels in the Sub-loop Co-location Service Level Terms in respect of the services or transactions to which the missing Forecast should have related.

Further Information

If you have queries, please email your Chorus Account Manager.

Provisioning SLU Co-location UCLL services

October 2015

This section covers SLU Co-location provisioning service, including ordering, notifications, and outages.

SL 1 - Site audits completed within 10 Working Days of Order (level A)

Commentary

No site audits completed this month

	Nov-14	Dec-14	Jan-15	Feb-15	Mar-15	Apr-15	May-15	Jun-15	Jul-15	Aug-15	Sep-15	Oct-15
